Experience

SENIOR UI/UX DESIGNER

Native Productions

Remote / Bali, Indonesia

(04/24- Now)

- Lead UX and UI design for a disaster recovery planning product, supporting the full design process from discovery and research to implementation.
- Designed and improved a SaaS platform for managing US solar systems, aligning product workflows with the broader company ecosystem.
- Designed and built internal company tools and a Flutter mobile app, streamlining team operations and improving day-to-day workflows.
- Delivered client-facing applications and websites across Web2 and Web3 projects in collaboration with cross-functional teams.

PRODUCT DESIGNER

Jinom

Bali, Indonesia

(09/23 - 04/24)

- Led product design work across the design thinking process, from research and problem framing to usability testing.
- Directed UX research and interface design for an ISP marketplace platform, using insights to improve product decisions and user experience.
- Created an internal product knowledge platform that consolidated company SOPs and processes, improving knowledge sharing across teams.
- Helped research and developed a financial and operations system that streamlined internal workflows and improved team efficiency.

PRODUCT DESIGNER

Airdrop Technologies

Remote / Singapore

(09/22 - 01/23)

- Built a design system to support consistency across multiple company products.
- Designed and collaborated across three Web3-related projects with cross-functional teams.
- Conducted UX research and supported design workflow improvements across multiple initiatives.

UI/UX Developer

Tiga Token Digital

Bali, Indonesia

(05/21 - 08/22)

- Designed 6+ Web3 products, including an NFT marketplace, crypto wallet extension, exchange, staking platform, and launchpad. • Managed the end-to-end design process as the sole designer, from concept development to final interface delivery.
- Built landing pages and created supporting visual assets for product launches, events, and social content.

Education

Bachelor of Information Technology

ITB Stikom Bali

Bali, Indonesia

(09/19 - 06/23)

- Major in Information System. GPA: 3.48
